

School Supplies

Purpose: To help boys' and girls' students and residents of Aguas Calientes, Michoacan, Jalisco and Cancun have the basic and necessary conditions to be able to start classes

General Objective: Deliver 3000 kits of school supplies for the start of classes

Specific Objectives: Deliver 1000 school kits to Aguascalientes

Deliver 800 school kits to Michoacan

Deliver 300 school kits for Jalisco

Deliver 900 school kits to Cancun

Justification: Education in the world should be a right, but unfortunately it has become a privilege for many boys and girls, especially in some regions of Mexico, not only due to the lack of schools, but also due to the lack of resources to access schools. basic tools.

In this order of events and taking into account our vision, we have the objective of helping and providing whatever is necessary so that boys and girls can develop in their different abilities, regardless of their economic condition, and thus be able to contribute to change for a better world.

The need often leads children to move away from the path of education, therefore from Jangelica's we raised the project ... under a cooperative approach, with the objective of delivering 3000 kits of school supplies for the beginning of classes 2022 and thus reduce unschooling in some regions of Mexico.

Problem: Economic difficulty for some families in Aguascalientes, Michoacan, Jalisco and Cancun to access school supplies and be able to start classes

Intervention: Deliver school supplies kits to boys and girls with financial difficulties.
